B	Quality-Indiv./groups-save	good fair poor bad
C	Important to street/groups	good fair poor bad
D	Insignificant/detrimental	good fair poor bad

Notable features:

Bay window shop front at number 28. These buildings are probably in worse shape than any of the west side blocks of Carey; around the corner on Hollins, the buildings are in much better condition and the ones across-street on Carey are better. These definitely need help.

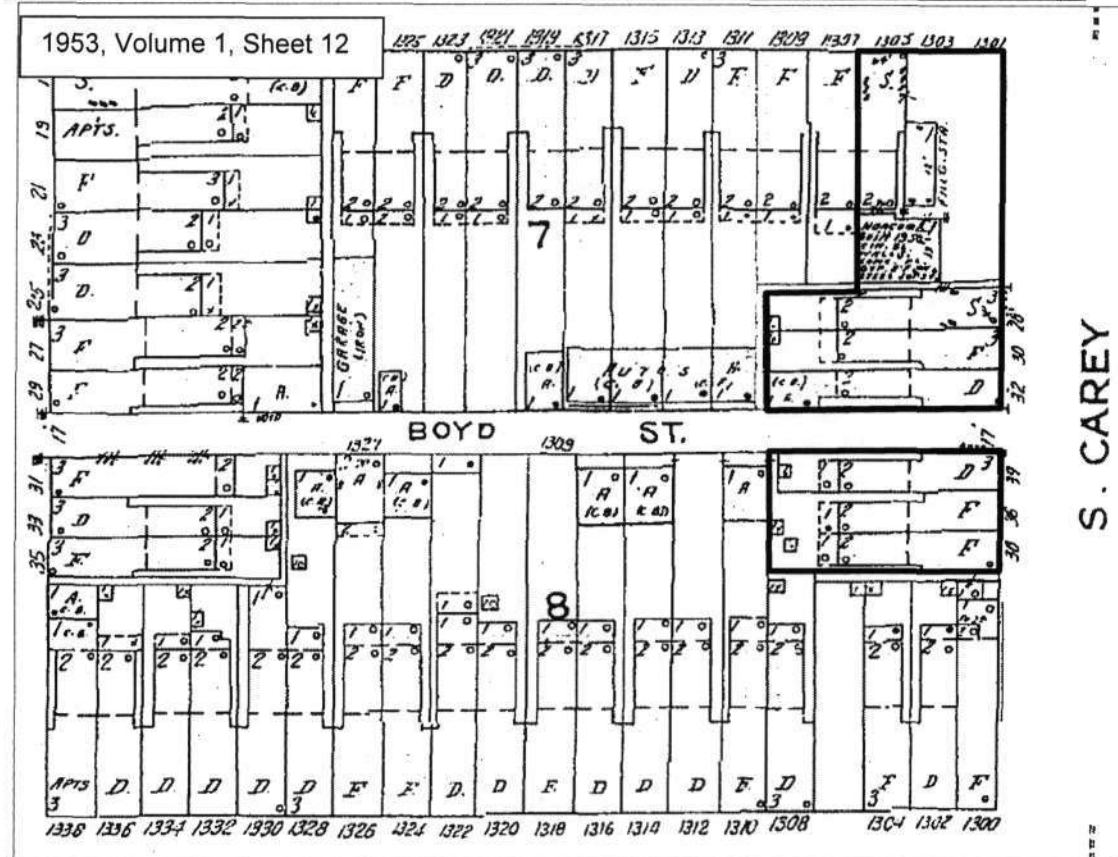

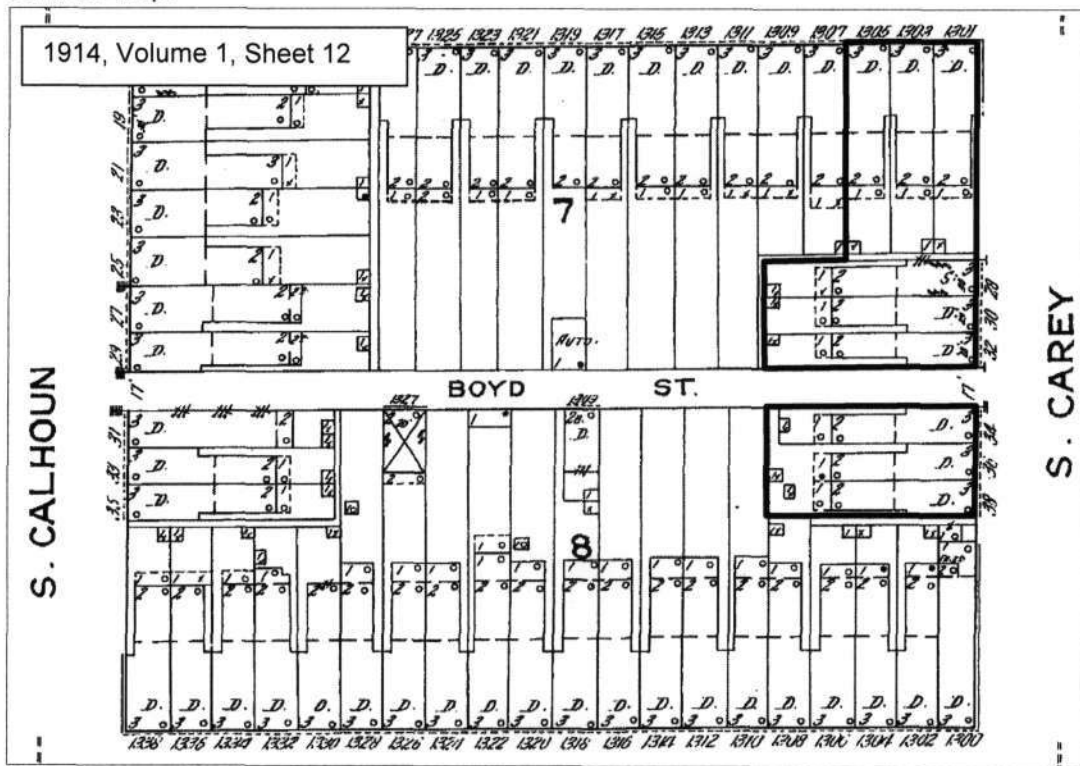

Environmental context:

Vacant lot at 32 S. Carey Street. There is a fire house across-street from 34-38 and the gas station at the Hollins corner is not a thing of beauty. Sizeable street trees are needed, particularly at gas station.
